ANNOUNCEMENT

SUBJECT: John C. Lindsay Memorial Award for Space Science
Nominations Due: March 26, 2004

Nominations are now being accepted for the annual John C. Lindsay Memorial Award for Space Science which commemorates the launch of the first Orbiting Solar Observatory on March 7, 1962, one of Dr. Lindsay's greatest achievements. This award is one of the Center's highest recognitions for a scientific contribution and will be presented during the annual John C. Lindsay Memorial lecture that will be held on May 21, 2004.

This annual award is presented to a Goddard employee for an outstanding contribution to **space science or technology**. All Goddard employees are eligible for the Lindsay Award regardless of their occupation or of the organization in which they serve. The contribution may be a professional paper, a research project, or any other achievement in the space science area that reached its full maturity during 2003.

All Goddard employees are invited to submit nominations. There is no limit on the number of nominations that may be submitted. While brevity is desirable, the text of the nomination should clearly describe the nominee's accomplishment and its significance. Please include the following: 1) a list of all refereed papers and publications; 2) a copy of the most portant publication(s) that support(s) the nomination; 3) three letters of endorsement; and 4) a curriculum vitae. There is the possibility that you will be contacted by a committee member for additional information.

Nominations may be made by completing the nomination form found either on OHR's website at: http://ohr.gsfc.nasa.gov/awards/isandt.htm; or on the reverse of this announcement and submitted to Theresa Wirth, Code 114, in Bldg. 1, Room 143 or sent electronically to twirth@pop400.gsfc.nasa.gov.

Questions concerning submission of these nominations may be directed to Theresa Wirth at 301-286-4574. All nominations must be received by the Awards Office no later than March 26, 2004. For further information on the GSFC Honor Awards Program, please contact Khrista White, HR Specialist, at 301-286-9059, Khrista.N.White@nasa.gov or visit OHR's website at: http://ohr.gsfc.nasa.gov/awards/home.htm.

I want to add my personal request to this call for active employee participation both in submitting nominations and attending the colloquium where this award will be presented.

A. V. Diaz
Director
